

SELECTION PROCESS

The foundation will select scholarship recipients from the eligible application pool of students who have completed an application during the official application timeframe through our online system, Academic Works, unless another process is discussed and mutually agreed upon between both parties.

MADISON COLLEGE FOUNDATION CRITERIA

The Foundation Board has established the following criteria for all foundation managed scholarship funds. To be eligible for a foundation scholarship, applicants must:

- Have a minimum 2.0 grade point average
- Demonstrate financial need, which is determined by a FAFSA/Alternative FAFSA score or financial need essay.
- Be enrolled in a minimum of 6 credits

This fund will follow these same guidelines unless otherwise specified under "Other Criteria".

OTHER CRITERIA

Are there any other qualifications and/or criteria that need to be considered in the selection of the applicant for this award? The Foundation recommends stating additional criteria as preferences. If scholarship criteria are too narrow, it becomes difficult to match eligible students and award scholarships. [Click here to enter text.](#)
